

Vortex Race Map Table

- **Map 1 “*Power Map*”**: a map that allows the engine to take full advantage of its power in terms of output and performance. This map is developed in collaboration with the best teams and pilots of the world.
- **Mappa 2 “*Linear*”**: a map that allows a more linear output of the engine’s power. The bike will be less aggressive ensuring a more fluid and constant acceleration.
- **Mappa 3 “*Torque*”**: a map developed for better traction (optimal for sand or heavy load).
- **Mappa 4 “*Torque 2*”**: a map developed for better traction (optimal for wet soil).
- **Mappa 5 “*Power 2*”**: a variation of map 1.
- **Mappa 6 “*Power 3*”**: a variation of map 3.
- **Mappa 7 “*Power 4*”**: a variation of map 2.
- **Mappa 8 “*Power 5*”**: a variation of map 1.
- **Mappa 9 “*Neutral Map*”**
- **Mappa 0 “*Launch Map*”**: a map developed especially for starting.
